# Company profile

PORTA NOVA is a Greek company manufacturing top quality and beautifully designed security doors. Our factory is located in Athens, Greece, and we have 50 years of experience in the field of producing physical security products!

We created PORTA NOVA in order to approach the security of armoured doors from the perspective of a unique design, superior aesthetics and functional luxury but always with highest security in focus.

## Quality

To choose PORTA NOVA means quality. All our products are labeled with “CE” certificate & by ENV 1627-1 Euro Norm for burglar resistance. The doors are classified as anti-burglary class 2, 3, & 4. PORTA NOVA's doors are also tested and certified for Acoustic insulation by EN ISO 10140-1 and Thermal insulation by ENV 14351. We also have the “Made in Europe” label giving trust to the customers inside and outside the region.

## Custom made solutions

To choose PORTA NOVA also means freedom. We customize each door after the clients wish, idea and demand. We produce the door you want, for any wall opening, any size, any shape, color and material and for any weather conditions. Use your imagination and be creative!

## Network

PORTANOVA has become a multinational company and we have business friends all over the world. Today we export to more than 15 countries in Europe, Middle East, Africa, U.S.A. and Australia representing high quality and top security through our dealers and agents.

## Green Thinking

To work for a more secure but also environmentally friendly future has become one of PORTA NOVA's main goals. We constantly work on reducing energy consumption, increasing recycling and becoming more environmentally aware. All our raw materials are “clean” such as the non-toxic paint and the natural and solid wood which is certified category E1 without HCHD. Finally, the facilities and all production sites have the lowest energy footprint possible.

# 5 Reasons to choose a pivot door

01

**TAILOR MADE** – Every order is unique and we tailor make every door. We give you 100% flexibility and freedom to create the door of your dreams.

02

**EXPERIENCE** – With more than 50 years of experience producing security products, we have deep know-how, highest standard technical infrastructure and specially trained workforce.

03

**AWARDED PRODUCTS** – PORTA NOVA has received, not only once but twice the 1st international award of quality and technology by the International Organization TRADE LEADERS CLUB, in Geneva.

04

**GUARANTEE** – We offer written 5 years guarantee on our products!

05

**LOCKING SYSTEMS** – Only the best locking systems are good enough for us. All Italian made Mottura locks are certified by European laboratories according EU standards.

## AWARDS & CERTIFICATES
